## ROA/MOAA Christmas Party

*Photos and article by LTC Mike Wisniewski*

The MSVC-MOAA joined together with the Mahoning Chapter of the Reserve Officers Association (ROA) for their third annual Christmas Charity Auction Fundraiser Banquet at the Manor Restaurant in Austintown on Sunday December 6<sup>th</sup>. The Banquet was sponsored by the Reserve Officers Association League (ROAL) which named the Youngstown Air Reserve Base Community Council as the recipient for the money raised during the mystery

gift auction. Being the glib-tongued polished auctioneer that he is, Col Dick Calta squeezed dry the wallets and purses of the 50 in attendance

to successfully raise \$1,080 for the Base Community Council. A presentation of the check to the YARS Commander by Barbara Stamp, ROAL President, COL Walter Duzzny, ROA President, LTC Gary Williams, President of MSVC-MOAA, and LTC Roderick Hosler, past President will take place at an opportune time after the Christmas holidays.

Barbara Stamp provided the entertainment for the evening with an array of Christmas themed quizzes. While no one answered all the questions correctly, there were a few smart cookies who took home some pretty neat door prizes. We thank Rose Pacalo for providing the festive table decorations. I bet everyone will be checking the back of their chair before they sit down next time to see who gets to take home

the center pieces. Bonnie Rasile was in charge of the reservations and the beautifully decorated dessert cake. This year the dinner guests were treated to something special—wine and hors d'oeuvres

## President's Notes

To all of our members, I want to extend a Happy New Year and to thank you all for your service to this country.

This is my last input as the President of our Chapter. It has been a pleasure and honor to have served as your president for the last two years. During this time we have

grown in membership, we continue to have noteworthy meetings and programs and your efforts have enabled the Chapter to earn two national level newsletter and legislative newsletter awards, more importantly two Four-Star Level of Excellence awards! These accomplishments couldn't have been achieved without the support and assistance of the general membership and our Chapter officers and I'd like to thank you all.

Our new chapter officers for 2016 are LTC Gary Williams, Army Retired as President; former Navy LT Florence Hosler as First Vice President; former Army CPT Dennis Gartland as Second Vice President; former Navy LT Bruce Bille as Treasurer and Janet Oglesby as Secretary. They will need the same level of support, assistance and participation as you have given me over the past two years.

Any organization is only as good as its membership and their active participation in chapter programs and meetings. I encourage all MSVC-MOAA members to continue to attend our gatherings, to meet other officers, renew old acquaintances and meet new members. It's up to US to keep our chapter active, vibrant and strong. It is you that maintains high quality of our chapter.

As retired and former officers, we made the personal commitment for service to our country and promote excellence through our leadership. We have always set the standard where ever we serve. The commitment we made when we were commissioned must continue even today. I continue to urge all MSVC chapter members to become MOAA National members. Remember that MOAA National is our direct voice with those in power in the halls of government. It is important to keep our voice loud, clear and heard.

Visit our chapter web site at [msvc-moaa.org](http://msvc-moaa.org) and share our newsletter, as well as review the e-mails that are sent out. Continue to check the MOAA National website at [www.moaa.org](http://www.moaa.org) designed to keep members informed on important legislative matters. The slogan of MOAA is "NEVER STOP SERVING."

Rod Hosler, MSVC President

*"It's important that people know what you stand for, and what you won't."*

complements of both military chapters who split the cost. The wine certainly helped open up any inhibitions of the wallet and the masterful auctioneering and prodding of Col Dick Calta did the rest.

We thank all those who came out to support this joint fund raising event and to those who planned, prepared, and worked hard to make this Christmas Party a success. The evening was marked by merriment, mirth conviviality, and camaraderie – and absolutely scrumptious food. There were a number of guests who attended the Christmas Party for the first time along with our perennial standbys. As this event continues to grow, we hope that you reserve the first Sunday in December 4, 2016 as your official start of the Christmas holiday season by joining us in this worthy charitable endeavor.

## Legislative Issues – January 2016

### *Legislative Affairs Co-Chair, COL John Koshan*

In our last update we learned that Congress was grappling with funding for FY 2016. A Continuing Resolution (CR) was passed to allow more time for members to come to an agreement on funding. The CR extended 2015 funding levels through December 15. There was however, at the time, an agreement between both houses of Congress on a Defense spending bill. This bill provided the Pentagon most of what it had requested, but was threatened by a Presidential veto because of the use of War Fighting accounts and Sequestration.

Since then Congress has overwhelmingly passed and the President has signed into law the \$1.2 Trillion Omnibus Spending measure containing The Defense Policy Spending bill agreed to by Congress. This bill eliminated the drama of a possible government shutdown. More importantly for the Defense Department it advanced a budget deal providing stability and predictability by using the appropriation process and not just kicking the can down the road by using or continuing last year's spending levels.

As a review, the following is a brief outline of what is in the bill.

The Military Pay raise is capped at 1.3% rather than the 2.3% called for by law. This is the third year in a row of pay caps and expands the difference between the military and the private sector to 5%.

This spending bill enacts the changes to Military Retirement that we've heard about and read about over the past year. The new system goes into effect January 1, 2018. The new system reduces retired pay by about 20% and substitutes a 401(k) style savings program to offset the loss in retired pay. A Thrift Saving Plan (TSP) is introduced and will be initiated allowing service members to contribute. DoD will contribute 1% of basic pay to each soldier's TSP. Additionally DoD will match service members contributions up to 4% of basic pay, stopping after 26 years of service. Unlike the current system's 20-year requirement, service members under the new system would be able to keep government contributions to their TSP after two years of service. MOAA has expressed concern with this new system. MOAA's view is that this retirement system will erode recruiting and retention and may force members to leave early. Essentially it is MOAA's opinion that this new system erodes pay and benefits.

No major changes to the Military Health Care System were included in this legislation. However, increased prescription drug co-pays are included. It is significant to note that DoD considers the Military Health Care system a high cost area and should be subject to major re-evaluations in future appropriations.

Congress had rejected DoD's recommendations for Commissaries and this legislation continues that track. Instead of DoD's desire to consolidate the Commissary with the Exchange, this legislation provides funding and authority to test new pricing techniques and privatization evaluations.

This spending legislation, touted as a bi-partisan feel good model for future appropriation, should concern anyone who worries about the national debt. This bill adds to nation's deficit with Billions of dollars more in debt. Our deficit and how it will affect this country's future should be a concern for everyone for it is what I consider the biggest threat to this country, not global warming. This bill was critical for defense and for supporting our on-going operations and acquisition programs that are essential to the future of the military. Yet the specter of SEQUESTRATION still looms large. Until we control our debt and deficit, we will continue to battle with defense spending.

As stated in the previous paragraph our nation's deficit and Sequestration still remain the biggest threat to our military and well-being as a nation. The Budget Act of 2011 that established SEQUESTRATION was a crude way to force budgetary constraint. It overly affected defense spending and has led to some drastic cuts in defense programs including force modernization, pay and benefits and end strength. These cuts have left us with a military that is the smallest since WWII, outdated equipment and seriously lacking in combat readiness. Partisan politics

must be put aside and our nation's well-being must be the priority. An alternative debt reduction program needs to be developed that balances required sacrifices and avoids penalties for the military.

The year 2015 saw some of the biggest changes to the military retirement system in a generation and a continued erosion of military pay. 2016 is already shaping up to be the year where every military beneficiary could see significant changes to their health care benefits. It can't be stressed enough, that if we want to protect our military and sustain the benefit programs available, we need to be involved. MOAA's voice and our support are critical now and in the foreseeable future. Please support MOAA's call to action and let our representatives know how we feel.

Lastly I would like to take this opportunity to express my best wishes to all of you for the best and healthiest New Year and a sincere hope that the Christmas Holiday was a time of joy and family celebration.

## Request for Three Personal Affairs Officers

The care and comfort of our hospitalized and homebound members is an ongoing concern in our Chapter. MOAA has a Personal Affairs Guide which is very involved, but the MSVC Board would like see the chapter take a step in the right direction. We would like the personal affairs officers to contact members who have been absent from monthly meetings to see if there is a difficulty that the members are experiencing such as health or hospitalization. We need three officers to cover our membership in Mahoning, Trumbull and Mercer counties. If you can become an officer in one of these counties, please contact Janet Oglesby.
