## Desert Storm Experiences 25 Years Later

By Janet Oglesby and COL John Koshan

Twenty-five years ago Desert Shield and Desert Storm took place. Men and women from our chapter were deployed during these events. We ask chapter members if they would be willing to share their experiences from 25 years ago. One of our newest members LTC Larry Scheetz, USA, (Ret.) and his wife SSG Dawnle Scheetz, USA, (Ret.), shared their experience at the June dinner meeting at the Golden Corral in Hermitage, where 25 members were in attendance.

2LT Scheetz was on a training mission with a West Virginia Army Reserve Petroleum Unit in Okinawa when he received word that would be deployed to Saudi Arabia.

Scheetz's unit belonged to the 475<sup>th</sup> Petrl Gp, and the Group was also deployed to Saudi Arabia. The 475<sup>th</sup> Gp had the mission of petroleum distribution of all grounds fuels for Desert Shield and Desert Storm. The Group was the senior unit responsible for fuel to the theater army support command. The Groups command consisted of 3 Petroleum Supply Battalions, 1 Water Supply Battalion, and 2 Petroleum Liasion detachments, approximately 5000 soldiers and equipment.

The Group gave the Battalion that Scheetz's unit was assigned to, the mission to move from the rear towards the Iraqi border and to establish a fuel depot at a log base known as LogBase Bravo. During the Gulf War, it has been estimated that at least 2 billion gallons of fuel was consumed. His unit was responsible for receiving and distributing of the fuel to the allied ground forces. Fuel is stored in collapsible fabric tanks that enable a company to have the capability of storing approximately 3,100,000 gallons of fuel. The moments that put you on edge was when scud missiles are shot down by Patriot missiles and the shrapnel falls on your fuel bag. How far away do you need to be when this happens? It wasn't covered in their training! Trucks with a capacity of 5,000 gallons are used to distribute fuel to designated users.

The largest mass casualty of the war happened to 14th Quartermaster Detachment of water purification unit from Greensburg, Pennsylvania. 2LT Scheetz recalls when the Iraqi Scud missile hit that unit. The detachment's soldiers were quartered in a warehouse that had been converted to a temporary barracks in Dhahran, Saudi Arabia. The unit had only been there six days when the missile hit and 28 were killed and 99 were wounded. Scheetz continued his career with the Army after the Gulf War. He has

been in most of the countries in the middle east countries. He had multiple deployments, usually 18 months long. He would be home for a month and then be deployed for another 18 months. He said it was harder on his family than on him. He retired in 2014 after 39 years, 29 years at the Reserve unit in Farrell. He is presently the Veterans Service Representative for Mercer County. He knows his experiences help him relate to the veterans that come into his office for assistance.

SSG Dawnle Scheetz retired in 2016 after 23 years. In Desert Storm, she was with the 475<sup>th</sup> Quartermaster group. SSG Scheetz shared the most two distressing items from the Gulf War. One was the lack of Army trained truck drivers. High school graduates were given a crash course (4 weeks instead of 8) in driving trucks loaded with fuel. If the trucks didn't return with a scheduled time. A recovery unit was sent out, usually finding a terrified driver stuck in the sand. The second was how women were treated in Saudi Arabia. Women there always have to have a male guardian, that they walk behind men, they can't speak, they can't drive. SSG Scheetz and her other female comrades try to set an example that American women had the same rights as men and were not second class-citizen's. During the time there she saw more self confidence in the Saudi women as they observe how the American women interact equally with male comrades.

If you wish to read more about the Petroleum Operations in the Gulf War LTC Joseph Thomas wrote a monograph on it, where he mentions the responsibilities of the 475<sup>th</sup> Quartermaster Group. <http://www.dtic.mil/dtic/tr/fulltext/u2/a263676.pdf>

## President's Ponderings

by LTC Gary Williams

- I hope you had an enjoyable time celebrating the 4<sup>th</sup> of July.
- What a great time we had at the Golden Corral on June 23<sup>rd</sup>. Lots of delicious food, an informative program thanks to the Scheetz's for sharing their experiences.
- We still have outstanding summer meetings left in July and August.
- Plan to attend and make an effort to invite a friend. We all know about the power of "one," and just think how big and powerful this organization would be if everyone got a friend to join MOAA national and MSVC this year. It's a goal that is very achievable.
- I'll see you all at the steak fry and corn roast on July 28<sup>th</sup> at YARS!

Gary

## Thank You...

<b>TRICARE For Life (TFL)</b>	No changes (rejects Pentagon-proposed enrollment fee of up to 2 percent of retired pay)	Same as Senate	MOAA appreciates House and Senate agree with MOAA position rejecting DoD-proposed TFL enrollment fee
<b>TRICARE Prime</b>	24-percent enrollment fee increase to \$350/\$700 (individual/family) effective Jan. 1, 2018	Grandfather currently serving and retired beneficiaries against DoD-proposed increases, but apply similar hike to new service entrants after Jan. 1, 2018	Support House bill protections for current eligibles
<b>TRICARE Standard</b>	<ul style="list-style-type: none"> <li>■ \$150/\$300 (individual/family) enrollment fee as of Jan. 1, 2018; increasing to \$450/\$900 for 2023</li> <li>■ Index annually after 2023 by CPI health cost index</li> <li>■ Double deductible to \$300/\$600</li> </ul>	<ul style="list-style-type: none"> <li>■ \$100/\$200 enrollment fee as of Jan. 1, 2020</li> <li>■ Index annually by COLA percentage</li> <li>■ No change in deductible</li> <li>■ Apply Senate-like increases to new service entrants after Jan. 1, 2018</li> </ul>	MOAA believes there should be no enrollment fee for TRICARE Standard — but House provision is least objectionable of these options
<b>Catastrophic Cap on Out-of-Pocket Expenses</b>	<ul style="list-style-type: none"> <li>■ Raise as of Jan. 1, 2018 - to \$1,500 (versus current \$1,000) for currently serving families</li> <li>■ - to \$4,000 (versus current \$3,000) for retired families</li> <li>■ Adjust annually after 2018 by COLA percentage</li> </ul>	<ul style="list-style-type: none"> <li>■ Retain current caps at \$1,000 for currently serving and \$3,000 for retired families</li> <li>■ Apply increases only to new service entrants after Jan. 1, 2018</li> </ul>	Prefer House provision
<b>TRICARE Access and Quality Issues</b>	<ul style="list-style-type: none"> <li>■ Eliminate preauthorization requirement for urgent and specialty care</li> <li>■ Multiple other initiatives to improve beneficiary access, care quality, and system productivity</li> </ul>	<ul style="list-style-type: none"> <li>■ Eliminate preauthorization requirement for urgent care</li> <li>■ Multiple other initiatives to improve beneficiary access, care quality, and system productivity</li> </ul>	Support these provisions of both Senate and House bills
<b>Military Health Care Consolidation</b>	Consolidate responsibility for military health care delivery, budgeting, and facilities under Defense Health Agency	Similar consolidation requirement	MOAA long has supported unified responsibility as the only practical way to attain health care budget, policy, and delivery consistency and accountability
<b>Pharmacy Copayments</b>	<ul style="list-style-type: none"> <li>■ Require annual increases that roughly would double copayments in nine years</li> <li>■ Impose \$11 copayment (versus current zero) for mail-order generics as of 2020</li> </ul>	No change to current law	Support House position; pharmacy copayments already have been doubled or tripled in past five years

Through the sponsorship of Golden Corral Corporation, Camp Corral provides free summer camp for children in military families ages 8–15. Priority is given to children in a family with a wounded, disabled or fallen service member. These camps are located at 4-H and YMCA camps across the country.

One camp is located not that far away from Hermitage. Parents are responsible for camper's transportation. For more information on Camp Corral go to the web site [www.campcorral.org](http://www.campcorral.org)
